New horizons, new directions and new opportunities from the Community Services and Health Industry Skills Council

MAGIC Made Easy with the MAGIC Resource Kit

This suite of resources brings together Job Network Services, RTOs, Employers and Peak Bodies with mature age job seekers and parents returning to the workforce. Now, the latest in the suite, Magic 4 introduces a new audience – people with a disability. Together, these groups will establish working relationships to provide a comprehensive job seeker pathway to employment. In addition, MAGIC Resource Kits:

- Assist with organising and coordinating a MAGIC program with simple processes and informational materials
- Include resources specifically designed to attract job seekers from the above identified groups, plus a guide to managing a MAGIC program that caters to different job-seeker needs
- Attracts job seekers to community services or health industries, one of Australia's largest and fastest growing industries.
- For comprehensive details go to www.cshisc.com.au

Careers That Matter

Welcome to a website that really matters.

www.careersthatmatter.com.au is the only national site that provides specific career, labour market information and skills needs in the Community Services and Health Industries area.

This information is not just for students and job seekers, but for industry business and enterprise, schools and parents as well as Job Services, RTO and AAC. The site also:

- Increases industry and employer groups' engagement in supporting future workforce
- Provides FREE resources, videos, newsletters, links, forums, blogs and e-tools to communicate career and transition development.

Pathways That Matter

This is the only national website that provides specific career pathways information in the Community Services and Health industries. So if you're interested in apprenticeships, traineeships, registered training organizations and employment, log on now and discover more:

www.pathwaysthatmatter.com.au

- Incentives and support for Aboriginal and Torres Strait Islander communities, people from Culturally and Linguistically Diverse Backgrounds, People with a Disability and Mature Workers

Competency Matrix... connect the dots

www.cshisc.com.au/competencymatrix

This online tool is for those looking to connect the dots between qualifications, units of competency, skill sets and job roles from within the Community Services and Health Training Packages. It also includes:

- A common unit tool that allows users to explore and organise units of competency into lists for your own reference or potential use in workforce development activities
